Pratibimb

Convenor's Message

It is indeed my honor and privilege to assume the role of the Convenor of this institution on behalf of Subodh Shiksha Samiti. I firmly believe that this is a place where education is the key towards progress of an individual and for the country. It is a knowledge hub and serves as a repository of intellectual eminence and excellence. This edition is a portrait of a blend of curricular, co-curricular and value added activities, which every student is encouraged to explore and reach his dreams, while pursuing her career. One can very well see while gleaning through the pages of this edition, that the college is continuously involved in many new initiatives that are preparing the students to meet the challenges of the time and constantly driving to work closely to meet the goals and visions. It is my pleasure to write a few lines for this edition which declares how this institution has grown tremendously since its inception.

Sh. Sanjeev Kothari

Sh. Sanjeev Kothari
Convenor

Principal's Message

The academic experience is once again marked by the performance of the students and their desire to grow higher and their ability to reason through and untangle complex concepts, to grapple with difficult situations and refine their thinking and understanding. The edition will open up a wide area where you can find that through the various activities and programs the girls continue to receive a firm foundation of academic background, exposure and experience and confidence to pursue their career and follow their dreams and comprehensively navigate through life successfully. They realize deep down that nothing can stand in their way and their drive and determination are often seen on the stage, court and on the field where they stretch themselves to be great athletes, scholars and artists. It is quite evident through this edition of Pratibimb that the culture of support and encouragement that the students receive, equip them with the confidence to dive into the activities outside the classroom that develop a sense of independence.
